subject: TRO/16/87B – Bus Lanes, change operational hours

I am emailing on behalf of Spokes and Living Streets to object to the above Order.

We have nothing to add beyond the points made in our [joint submission](#) to the Transport and Environment Committee when it decided to promote this Order. We still stand strongly behind those points, which we do not feel were answered satisfactorily at the Committee.

We also repeat our disappointment and concern that [150 separate objections](#) from individuals and organisations were rejected last year when the experimental Order was promoted.

We would be grateful if you would take this email and our above joint submission as our objection to the TRO.

Yours sincerely

Dave du Feu, Spokes
David Spaven, Living Streets Edinburgh
Stuart Hay, Living Streets Scotland
