

Now tell us...

- **WHAT YOUR ARTWORK IDEA IS ...** [continue overleaf and/or add a sketch if you wish]

Cycle racks (2 or 3), traditional metal  models, decorated with

1. a canal theme (barge, shoals of fish, reeds etc)
- and/or: 2. a country park theme (wild flowers, berries, leaves, grasses, butterflies, bees, caterpillars etc)

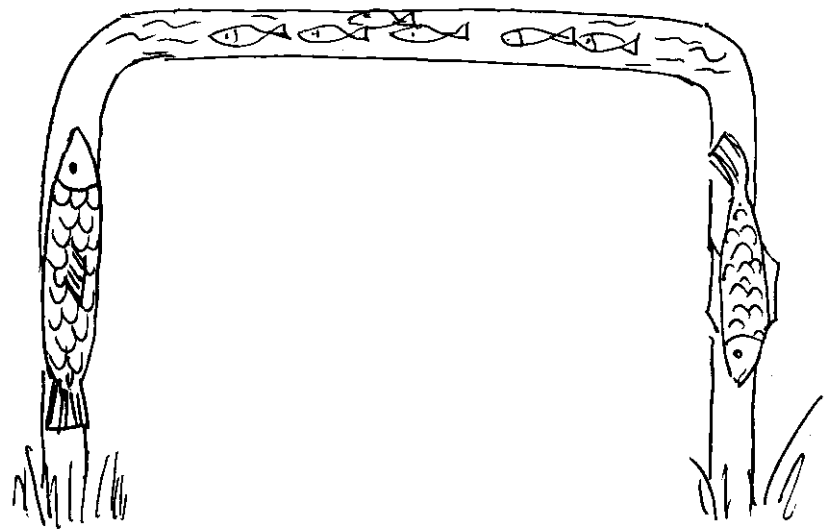

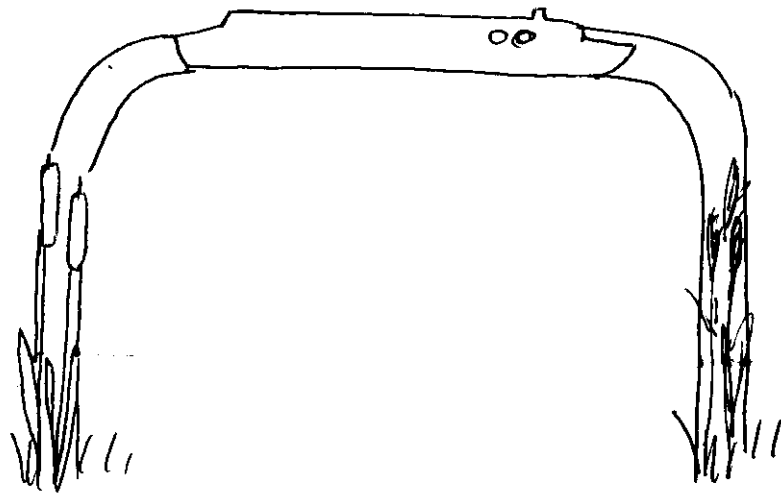

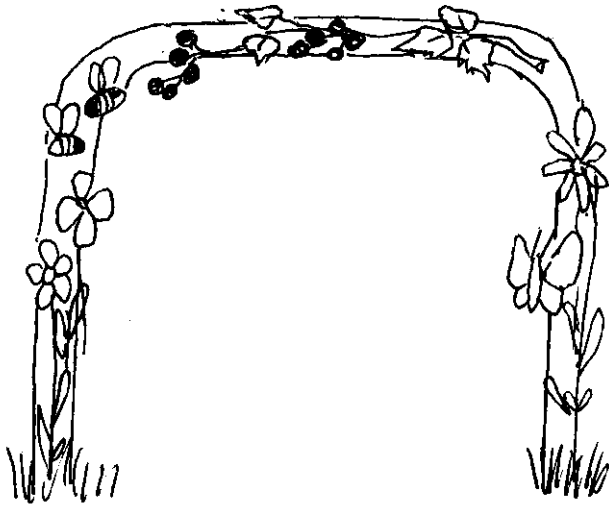

Possibly wrought/moulded metalwork soldered on;
or engravings. Please see design ideas overleaf.

- **WHERE IT WOULD GO...** [maybe a location you know, or something like 'at a path entry point']

Just west of the aqueduct,
at the top of the path down to the river and to Muiravonside
Country Park.

- **WHY THIS WOULD BE A GREAT ADDITION TO THE CYCLE-PATH...**

It would be very welcome (useful) for people cycling from Lillithgow and going to the Country Park, as there are no existing cycle racks and the farm gate that was a substitute rack is no longer there. Plus it would be an eye catcher for anyone (walkers) using the path, especially if a local artist has done the artwork.

Please excuse the sketchy drawings - I would be happy to draw up more detailed designs if necessary.
