Its a favourite because its so hidden away and has a great history, with the return of the trains to the Borders this year it is very poignant for us. I think it is a super family cycle especially going through the tunnel for the kids and is a safe route away from cars that allows you to explore parts of Edinburgh you wouldn't always find. I love telling people about it as people just don't know the route exists and of course there is always ice cream in Musselburgh!!
