Information about the Active Travel Forum

"To provide a city wide Active Travel Forum of experts and citizens to consider the positive and collective roles of walking and cycling in our future transport system and lifestyle needs.

The Active Travel Forum aims to effectively scrutinise, influence and enhance the city's strategies and services relating to transport, place making and leisure, to promote increased levels of walking and cycling.

It is a consultative body to inform the strategic direction of medium to long term plans, budgets and integration, and review the delivery of current policy to promote its positive results and maintain the case for active travel. It maintains a relationship with the Active Travel Action Plan Steering Group, Transport Forum, and Cycling and Walking Forums."
