

# Stop Climate Chaos Scotland COP26 Coalition Survey

## Glasgow COP26

### Question Title

#### 1. Which organisation do you represent?

SPOKES

#### 3. Has your organisation started making plans for COP26?

- Yes, we have started making plans.
- No, however we intend on doing so.
- No, and we do not intend to.

If applicable, please provide a rough outline of your plans.

We'd be keen to hold a public meeting (in Edinburgh) if there are COP26 delegates with cycling expertise from other countries who could come through and speak. We normally get around 100 at our public meetings and generate a fair bit of publicity.

### Question Title

#### 4. Are you planning to find extra resources to support work on COP26 within your organisation?

- Yes, extra staff
- Yes, extra funds
- Yes, both
- No
- Other (please specify)

We are all voluntary so it depends on the interests and time of individuals

#### 5. Are you planning to coordinate with other organisations around COP26?

- Yes, other SCCS members.
- Yes, groups outside of SCCS.
- Yes, members of the COP26 Coalition.
- No
- Other (please explain)

Not particularly, but happy to advertise events/ activities taking place on cycling and general

**6. Please rank the SCCS COP26 objectives in the order that most represents your organisation's priorities for the Coalition.**

2 To build and diversify the climate movement in Scotland.

1 To use COP as a stepping stone to deliver our policy and advocacy aims for our work in Scotland. To support and work with colleagues in the UK and wider civil society on international advocacy and UK advocacy.

To use the opportunity of the UK as COP host to influence discussions that may be led by the Scottish Government on the role of sub-state actors.

3 To offer a welcome to global civil society, with practical support for places to stay and to give people's experience of the COP (or surrounding activities) a distinctive Scottish/Glaswegian feel. To support our members through information sharing, networking, and other means in effectively engaging with SCCS input to COP-related work.

All are equally im

**7. Do you have any feedback or suggestions concerning these aims?**

We would be happy to email all spokes members to ask for any volunteers to accommodate visiting delegates (especially but not exclusively any with a particular interest in transport). However our members are largely Edinburgh/Lothians

**8. How would you prefer to communicate with SCCS around COP26?**

Newsletter

Email updates

Working groups

SLACK or other internet-based discussion groups

Web blogs

Other (please specify)

**9. SCCS staff will be working to welcome and host Global Civil society in Glasgow for COP26, is this something your organisation would want to help with? (please specify)**

see Q7 above

**10. Do you have any other comments or feedback for SCCS?**

See Q3 above. We would really appreciate understanding how to identify in advance visitors with involvement in cycling development in their own countries, so we can invite them to speak and advertise our meeting well in advance.
