Dear stakeholder

## Proposed Partial Road Closure - Warriston Road

Please be advised that we are proposing to partially close Warriston Road as part of overall emergency measures to re-designate key parts of the road network to help pedestrians and cyclists travel safely while meeting physical distancing requirements. Such measures are required urgently to help prevent people from becoming ill or coming to harm by infection from COVID-19 whilst implementing physical distancing requirements.

The closure of Warriston Road has been identified as an urgent scheme which will help to facilitate essential exercise and the maintenance of social distancing. The closure will provide a wide pedestrian and cyclist friendly space leading to the access for the North Edinburgh path Network.

The closure would be implemented under emergency delegated decision-making powers using a Temporary Traffic Regulation Order. Given the urgent nature of these works, normal expectations about community consultations cannot be fulfilled.

This notification is provided to you, as key stakeholders, to enable you to raise any immediate concerns or queries with officers on the measures proposed. Your feedback will help to inform the decision-making process around whether the measures should be progressed using the aforementioned delegated powers. If the proposal is agreed for implementation, formal publicity will then be undertaken so that local people are aware of the changes. A dedicated inbox has been set up to help us manage any feedback around measures and to capture suggestions for new proposals. If you have any queries or concerns around this proposed measure, please respond to [spacesforpeople@edinburgh.gov.uk](mailto:spacesforpeople@edinburgh.gov.uk) by **Monday 25 May at 5pm**.

Regards

Spaces for people team
