Subject: Covid-19 Cycling and Walking Emergency Response Measures at Wardie and Victoria Primary Schools to aid safe travel to school

Dear Councillors and Stakeholders

Covid-19 Cycling and Walking Emergency Response Measures

Proposed Measures at Wardie and Victoria Primary Schools to aid safe travel to school

Please be advised that as part of overall emergency measures we are proposing to re-designate key parts of the road network to help pedestrians and cyclists travel safely while meeting physical distancing requirements.

I have attached the proposed designs for the scheme. In summary it shows:

Victoria Primary School

- Remove guardrail outside school on Annfield and increase pavement width by 2m
- Close north section of Great Michael Rise at Lindsay Road to reduce volume of traffic

Wardie Primary School

- Close the lane from Granton Road to school, whilst maintaining access for resident at 103C

Given the urgency to make the required changes any comments relating to these proposals should be received by **1200hrs on Wednesday 12 August to** spacesforpeople@edinburgh.gov.uk.

All feedback will be reviewed and where possible the scheme will be further refined. Feedback will be summarised in an assessment feedback form which will be presented to the Council Incident Management Team for approval. Please note that we will be unable to respond to individual emails.

If the proposal is approved for implementation, publicity will then be undertaken so that local people are aware of the changes. A dedicated inbox will help us to manage any feedback around proposals – spacesforpeople@edinburgh.gov.uk

The introduction of, or changes to, any restrictions will be implemented under emergency delegated decision-making powers using a Temporary Traffic Regulation Order.

Regards

On behalf of the Spaces for People Team
