subject: **Craigentenny Primary School - Support**

Dear Spaces for People Team

We are writing in support of the proposed measures for Craigentenny Primary School - namely making Loganlea Drive one-way, westbound from the junction with Craigentenny Road to the junction with Loganlea Avenue, and widening the footway along the school frontage.

- We are not clear which junction with Loganlea Avenue you mean, however, as the Loganlea Drive has two junctions with the Avenue.
- The distance of the proposed one way system is short. However we'd be grateful if consideration could be given to a safe cycle contraflow.
- With kind regards,
- Spokes Party
