Subject: Covid 19 Emergency Measures - Proposed segregated cycleways Duddingston Road West

Dear Councillors and Stakeholders

Covid-19 Cycling and Walking Emergency Response Measures

Proposed segregated cycleways Duddingston Road West

Please be advised that as part of overall emergency measures we are proposing, on Duddingston Road West, to re-designate key parts of the road network to help cyclists travel safely while meeting physical distancing requirements.

I have attached the proposed designs for the scheme. These show changes to the streets which, in summary, includes:

- Introduction of segregated cycleways on Duddingston Road West
- Retention of access to driveways along the route
- Additional restriction of parking at all times alongside the segregation at certain sections
- Retention of loading and blue badge parking along the route
- Retention of existing bus stops

If you have any comments relating to these proposals, please send them to spacesforpeople@edinburgh.gov.uk by **1700hrs on Wednesday 24 March 2021**.

All feedback will be reviewed and where possible the scheme will be further refined. Feedback will be summarised in an assessment feedback form which will be presented to the Council Incident Management Team for approval. Please note that we will be unable to respond to individual emails.

If the proposal is approved for implementation, publicity will then be undertaken so that local people are aware of the changes. A dedicated inbox will help us to manage any feedback around proposals – spacesforpeople@edinburgh.gov.uk

The introduction of, or changes to, any restrictions will be implemented under emergency delegated decision-making powers using a Temporary Traffic Regulation Order.

Kind Regards

Martyn Lings

On behalf of the Spaces for People Team
