**Subject: Covid 19 Emergency Measures -
Proposed parking and waiting restrictions - Starbank Road**

Dear Councillors and Stakeholders

Covid-19 Cycling and Walking Emergency Response Measures

Proposed Parking/Waiting Restrictions – Starbank Road

Please be advised that we are proposing to introduce parking/waiting restrictions in the form of double yellow lines on Starbank Road from its junction with York Road to just west of the junction with Laverockbank Terrace. The restrictions will extend approximately 5-6 metres into Laverockbank Road.

I have attached the proposed design for the scheme. In summary it shows:

- The introduction of double yellow lines on both sides of Starbank Road from its junction with York Road to just west of the junction with Laverockbank Terrace.
- A 12m x 3.5m bus stop bay will be marked out on the northern side of Starbank Road opposite York Road at the existing build out.
- The double yellow lines will extend approximately 5-6 metres into Laverockbank Road.
- No loading restrictions are proposed as part of the scheme.

Any comments relating to these proposals should be received by **1230hrs on Wednesday 2 June** to spacesforpeople@edinburgh.gov.uk.

All feedback will be reviewed and where possible the scheme will be further refined. Feedback will be summarised in an assessment feedback form which will be presented to the Council Incident Management Team for approval. Please note that we will be unable to respond to individual emails.

If the proposal is approved for implementation, publicity will then be undertaken so that local people are aware of the changes. A dedicated inbox will help us to manage any feedback around proposals – spacesforpeople@edinburgh.gov.uk

The introduction of, or changes to, any restrictions will be implemented under emergency delegated decision-making powers using a Temporary Traffic Regulation Order.

Kind regards

On behalf of the Spaces for People Team

Subject: RE: Covid 19 Emergency Measures - Proposed parking and waiting restrictions - Starbank Road

I was under the impression that no NEW schemes would be introduced using Space for People after 17th May 2021. Can I therefore ask why this is being presented to us today on the 26th May

Kind Regards

Councillor Susan Webber MSP

Conservative Councillor Pentland Hills Ward

Subject: RE: Covid 19 Emergency Measures - Proposed parking and waiting restrictions - Starbank Road

Afternoon Susan,

I mentioned earlier in the month that we had been in discussion with Sustrans about completion and installation of final SfP schemes, knowing that some would cross the 14th May date.

In general terms if schemes are underway or installation will only take a few days Sustrans appear content that we bring the installation phase of the Programme to a close by the end of the month.

Intervention to improve the route for pedestrians on Starbank Road scheme was identified following the Commonplace consultation, and appeared to be generally supported by Ward Councillors, we thought the introduction of local double yellow lines could improve the route for pedestrians in the short-term.

The other scheme that you'll see for notification soon is the proposed installation of a temporary signalised pedestrian crossing on Seafield Road East at Fillyside, over the summer period. It could be a very quick scheme to deliver if approved.

Regards,

Dave
