Dear Spokes

On behalf of everyone at The Cycling Gardeners, I would like to sincerely thank Spokes for your generous funding of £2K towards the purchase of our 2 new cargo bikes.

With your support, we were able to purchase TRIO cargo bikes from GM4X Bikes, and they have already made a significant and positive impact on our operations. Compared to our older models, the new TRIO bikes are far more reliable, durable, and efficient. Thanks to your support, our team is able to work more confidently and comfortably, helping us to provide even better service to our customers and community. The cargo bikes are not only enhancing our operational efficiency but are also contributing to our wider goals of sustainability and promoting greener transport solutions.

We are truly grateful for your belief in our work and for helping us take this important step forward in purchasing quality bikes for purpose.

Thank you once again for your invaluable contribution.
